Hi Susan- per our conversation just now, R8 will NOT deploy our 2 OSCs today. Thanks!

Joyce

Hi Susan- our two R8 OSCS have flights reserved for later today. Can your logistics accommodate that? It's David Romero and Duc Nguyen. Sorry, I am on my iPhone and don't have the logs email handy. Thanks!

In preparation for the RM call, the following information on positions is provided:

1. **Community Liaison position (Request for 50)**
 - a. Skill set/duties expected

- i. Interact with affected communities in the devastated area, with focus on EPA-related forms of assistance (household hazardous waste, mold, segregation of hazardous materials, etc).
 - ii. Ability to work a minimum of 7 days, 14 preferred. Not including travel to and from check-in location.
 - b. Health and safety and medical requirements
 - i. Hepatitis A and current tetanus (within 5 years) vaccination or a signed declination form
 - ii. Pre- and post-deployment medical screening
 - iii. 24-hour field safety training (on-line class acceptable) with current 8-hour refresher
 - iv. Onsite health and safety orientation
 - c. Personal protective equipment
 - i. Steel-toed boots
- 2. **Staging Area Resource position (Request for 20)**
 - a. Skill set/duties expected
 - i. The duties of this position have not been fully defined; for lack of a better descriptor, they are being described in the Personnel Resource Log as "OPS Staging Area Resource."
 - ii. Duties are expected to include collection pad management; sampling or overseeing of various media (soil, water, air) as needed; assisting with hazard assessment; assisting with orphan container recon; and assisting at the incident command post.
 - iii. Specific duties will be paired to personnel skills to the extent possible.
 - iv. Ability to work a minimum of 14 days. Not including travel to and from check-in location.
 - b. Health and safety and medical requirements
 - i. Enrollment in Occupational Medical Surveillance program.
 - ii. Hepatitis A and current tetanus (within 5 years) vaccination, or a signed declination form.

- iii. HAZWOPR training.
 - iv. 24-hour field safety training,
and current with 8-hour refresher.
 - v. Onsite health and safety
orientation.
- c. Personal protective equipment
 - i. Steel-toed boots, hard hat,
safety glasses, vest, hearing protection.
